THE UNIVERSITY TOWN PROJECT (OAUT)

The OaUT project is a collaboration between 10 organisations working towards growth of the education opportunities in Oban and the surrounding region.

Many of Oban's students' study at the Scottish Association for Marine Science (SAMS) UHI, Argyll College UHI, Ballet West, Oban and Lorn District Hospital and Oban High School. Students from these organisations as well as independent learners are welcome to be involved in creating and improving the student experience. Please get in touch via student representatives, or contact us through the project website www.obanunitown.org #loveobanlovelearning

STUDENT INFORMATION

Welcome to Oban!

Oban is proud to call itself a University Town and to provide an exciting range of opportunities from high school and college courses to PhDs. Last year there were over 1,000 full time and part time students studying in Oban with over 40 nationalities represented.

Oban is a fantastic place to live with clubs and societies catering to a wide range of interests and energy levels from climbing, sailing and scuba diving to theatre and photography. There are world-class live music sessions and festivals in the area and a brilliant selection of restaurants, cafes and bars catering to all tastes, as well as shops from local independent retailers to national chains.

Local support services include a hospital, GP practice, dentists, opticians and a wide range of community initiatives. The map overleaf should help with a few key places you might need as you settle in, there are also plenty of shops and venues offering student discounts, so keep an eye out for the Student Deals logo.

Welcome to Oban, enjoy your student town!
